⌘ ⌘ ⌘ . This is a fixed gear. The pedals are mounted on a bracket that pivot inside the frame. The pivot allows the pedals to be placed in one of three positions and locked in place. It is intended to be ridden using a crankset but it is not. The pivot point of the pedals is offset from the bike frame and the pedals are far enough from the body to not interfere with pedaling. There is a seatpost mounted adapter bracket and there is a separate adapter plate with a cable management system to position the pedals close to the frame when the pedals are rotated to the proper position. We have just launched our new iPad app. It's called Geocacher, and it's the first app that will help you solve the mystery of where your precious geocaches are. Geocacher takes cached photos from iPhones and iPads so you can return the caches to their actual locations on a map. This is a fixed gear. The pedals are mounted on a bracket that pivot inside the frame. The pivot allows the pedals to be placed in one of three positions and locked in place. It is intended to be ridden using a crankset but it is not. The pivot point of the pedals is offset from the bike frame and the pedals are far enough from the body to not interfere with pedaling. There is a seatpost mounted adapter bracket and there is a separate adapter plate with a cable management system to position the pedals close to the frame when the pedals are rotated to the proper position. Chennai, India: Life remains cut-throat in Chennai, India, where young boys play cricket well into the night even after they drop out of school. The day before I was supposed to leave, my father pulled me aside and told me he was concerned about my safety. "My cousin told me there 3da54e8ca3
