You need to get another party. And party you need to get money and equipment. And your supply is strictly limited, you need to level to get more. It's just dumb. Best game 5 By Sillip Great game, perfect for like casual and pvp. The game is pretty easy and supports cross-play. Hahaha 5 By fags4 Lol to the people who gave it less than 5, you're being childish and nothing more. Don't bother if you want to play this game. Pros, Cons 3 By MrieRs3 Pros: you get to play with friends from different countries. Lots of different mobs/enemies you can fight. you can freely customize your character. you get to fight monsters and bosses through the chat system. there are cross-platform gameplay. the battles are very easy to understand, but it does come with a learning curve with the higher levels. combat is very unique. you build up lvling through a system that was really
