In this new role, Kevin is leading the strategic planning and growth of Adobe® Creative Cloud Architecture, which is the company's leadership team in building a cloud-based, subscription-based, connected platform for creative workflows in all aspects of media making.

This helps Adobe's customers deliver better customer experiences, manage content in more integrated ways, and connect with audiences on any screen. We are thrilled to have Kevin continue to lead the team as a Chief Architect of Creative Cloud as we help bring new content experiences to market. Support for Final Cut Pro X 10.0.8 · Upgraded Moka to version 6.1.0 â€¦ Final Cut Pro X (FCP X) is a multi-platform program that has been made available by Apple for other media producers to use. A highly customized version of Final Cut Pro is available for use on Mac and a similar but slightly altered version of this program is released for Windows. The Final Cut program creates and edits most types of video, as well as other media such as photos, music, and movie-making. FCP X also supports 360-degree and VR. FCP X is compatible with Apple devices such as the iPhone, iPod touch, and iPad with iOS 8 or later. The basic program has a free version that comes with limited features, while the full version has many more options and more features. Adobe Premiere Pro CC, Adobe Illustrator CC, Adobe Photoshop CC, Adobe InDesign CC, and Adobe Bridge CC are the application users are typically referred to as "companion apps." Photoshop has over 22 million users, but no one app can accommodate all your media production needs. Although you can work with some content in Bridge
