UshaSree telugu. vyasa mahabharata in telugu pdf free download Download Mahabharata in Telugu and other Indian Languages Now. As the name implies, it consists of 37,000 paras (chapters) of varying length. It consists of seven books or Khandas. Mahabharata in Telugu pdf Mahabharata in Telugu pdf Mahabharata is a Sanskrit epic in verse. Its narrative spans two distinct but related periods, the Kurukshetra War and the events following the war. In this work, the major figures of the eponymous war are given room, as are the minor characters. It describes this war from the perspective of many different characters. According to the Mahabharata, the war was fought between the Pandavas, the eldest sons of Pandu and Kunti, and the Kauravas, the sons of Dhṛtarāshṛṇi (or Dhṛtarāshṛṇi himself) and Kunti. The Pandavas prevailed, and the Kauravas were vanquished in three forms of combat – a battle royal, a siege, and a scavenging expedition. After the war, the Pandavas conquered the kingdom of Khandavaprastha, after which they lived in exile from Hastinapura and ruled the kingdom of Gandhara. The Kauravas divided the kingdom of Hastinapura among them and ruled separately until the reign of Kuru, at which time they again united. The epic also narrates the fates of the minor characters. The Mahabharata consists of three parts (called Adi Kanda, Parva Kanda, and Anu Kanda in English). The first part, Adi Kanda, or the First Part, consists of 2,048 verses and describes the Pandavas and the Kauravas before the war, and the events leading up to it. After
