

Command & Conquer 4: Tiberian Twilight (2010), 6.81GB release by ElAmigos, the game is already cracked after installation (hack by Reloaded). 1. Extract the files. 2. Paste into the root directory of the game and run. 3. After the game is installed, you can run it. There are several bugs in the game: 1. When you have the option "Play as Russia" in the menu - try pressing Esc, if it doesn't help - press "Play as Russia" again, the game will go into construction mode. 2. When playing as Russia on the map, you will have a "Move to another location" button - if that doesn't work, then click on this button and exit build mode. 3.
