We just index those links which are already available in internet SUMMARY:- Titanic is an epic period piece directed by Joseph Paxton (Captain, uncredited) and produced by Benjamin Britten and Charles LeMaire. Titanic is based on the original story by Arthur Honnell and Ian McEwan. For the cast, the story has been adapted by Richard Maibaum, Stuart Margolis, and Wallace Ginsberg. The film is about the ill-fated maiden voyage of the RMS Titanic. 'I'm part of the Titanic group, a group that has been trying to raise money for 40 years to reconstruct the ship. We only manage to raise \$1.5 million - enough to build two boats, which is no good. We might even be able to rebuild the ship using only the wreckage left on the seabed.' WARNING: Due to mature content you must be 18+. This is a historical romance based on the sinking of the Titanic. As a fan I can't help but wonder how it would look if it had turned out differently. I've mixed in my own opinion of how I think it would have turned out but I don't want to ruin anyone's experience. Remember the ending is pure imagination so don't expect it to be the real life ending, it's all the characters doing their best to try and get to a lifeboat. The film is based on the book of the same name by Larry McMurtry and it covers a crucial period of history. I don't want to spoil too much but I have mixed in a bit of my imagination to see how it would have turned out.
