## System Requirements For ClipEd:

Note: this version does NOT require a REDDIT account, but may offer additional features (exclusive to Redditors) if you do. I'm releasing an updated version of My Word Processor, which includes some new features, fixes, and other stuff!! I'm working on making this app possible to use on tablets, but it's a bit of work still, and I don't know what my timetable for that is. If you are interested in any of the following improvements, please don't hesitate to ask! 1) You can now split your "file" (basically an
