## **What's New in the EasyRMS?**

"With EasyRMS, you get complete control over your restaurant operations and enjoy the benefits of outstanding customer service and service excellence. It is not just a simple point of sale system, but is also a powerful, easy to use restaurant management tool. No prior computer experience is required. It comes with everything you need to get started. Simply set up your first restaurant and be up and running in minutes. Store your customer records and transactions, manage staffs and reservation, track labor and inventory. "EasyRMS is more than a POS solution for restaurants. It is a restaurant management solution to easily and effectively handle the whole restaurant operations. You will enjoy the outstanding customer service and restaurant service excellence with EasyRMS! EasyRMS is a restaurant management solution that also offers the capability to serve the small business, franchise and large franchise markets. You can now have an all-in-one restaurant solution with features and simplicity found only in large corporations." Pros: Customer service is awesome. I want to start using this system for all my businesses. I also want to buy more credits to increase the usage of this app! Highly recommended. I'm going to use this solution and my restaurant! Cons: Well, it's a POS solution so it has a lot of limitations. 1. This is a POS app, it cannot do everything a POS solution can. 2. It can't let you add and manage other business details like it is possible with other software. 3. It doesn't have a full function to do POS. Summary: It is a POS app that makes it easy for you to manage your restaurant with ease and peace of mind. I want to use this solution for all my restaurants. I love the customer service and support provided by the support team. Highly recommended. I'm going to use this solution and my restaurant! by e@me - Nov 14, 2017 "EasyRMS, a POS For Restaurants is a restaurant management solution to easily and effectively handle the whole restaurant operations. You will enjoy the outstanding customer service and restaurant service excellence with EasyRMS. EasyRMS is a restaurant management solution that also offers the capability to serve the small business, franchise and large franchise markets. You can now have an all-in-one restaurant solution with features and simplicity found only in large corporations." Pros: Customer service is awesome.
